

# Latrobe Outlanders

## Scotty's Garden

Sixteen members of the Latrobe Outlanders participated in their Scotty's Garden project. The club decided to build three flower boxes and place them at Miller's High School in Latrobe in front of the portable class rooms. The Outlanders hold their monthly meetings at the school, so they will be able to monitor the progress of their gardens. Members of the project attend the school so they will help maintain the gardens.

The materials for the planter boxes, the soil and the amendments were donated. The bulbs that were planted in the boxes were paid for by the club
