

Gold Hill Toppers

SCOTTY'S GARDEN

The Gold Hill Toppers gardening group has dedicated this plot to the memory of our dear friend, Scott Michael Deane. We chose this spot (plot #41) at the El Dorado County Fairgrounds in the heart of the children's area because we believe it is a good location for all ages to enjoy.

Seven members of the Gold Hill Toppers participated in this project, including Deane family member, Morgan. The bricks used were made at the Scotty Deane Memorial Celebration and at the Deane home. The garden has been planted with a mixture of flowers and vegetables.

We invite anyone and everyone to stop by and experience the love that our group has worked hard to create throughout our planting process.
